

Academic Appeals Form

Please can you ensure that you read through the grounds of appeal before filling out the form. The following two grounds for appeal are:

- That the tutor/assessor marking the assessment did not mark according to the criteria/point marking system governing the course, or that some other material irregularity has occurred.
- Discrimination on the part of the tutor marking the assessment.

(If the grounds are based on discrimination, the appeal will come to a hold and the matter of discrimination will be investigated in line with our equal opportunity policy-this will be dealt with as a separate matter)

Please ensure ALL evidence is attached to this form.
