

EBMA Level 7 Postgraduate Diploma in Business Administration

Introduction

The EBMA Level 7 Postgraduate Diploma in Business Administration is designed to provide in-depth knowledge and understanding of the various aspects of business management and administration. It provides a rich collaborative learning experience where learners can exchange views with other participants, interact with research active tutors and are challenged to become reflective practitioners.

This qualification provides Continuous Professional Development (CPD) to senior managers where learners evaluate their past, present and future performance. Learners will develop their views of management through team work, group interaction, case studies, business simulation and work based learning and reflection. Drawing on personal experience and applying their newly acquired skills and knowledge are key elements of the programme. The course equips learners to be a confident, creative and capable manager, well versed in all management and administration functions with the flexibility to see situations from a fresh perspective. This course builds on a critical perspective that enables learners to explore their leadership styles, understand their strengths and weaknesses, and consider a variety of approaches to change.

Assessment is through practical assignments, with no exams - to more accurately reflect the real working environment.
